

EdgeLock® A5000 Plug and Trust Secure Authenticator: Authentication Made Secure, Scalable and Easy

EDGELOCK-A5000

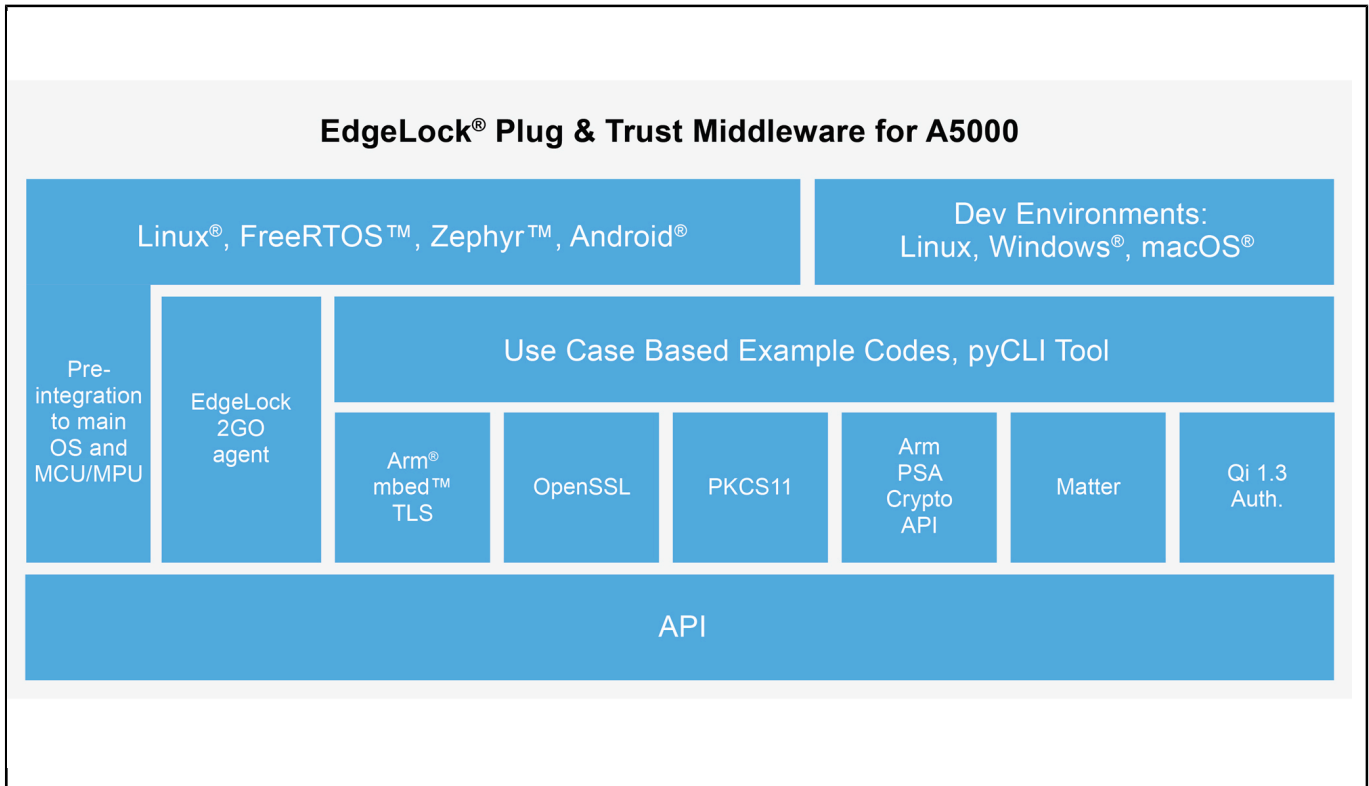

Last Updated: Apr 11, 2024

The EdgeLock A5000 secure authenticator (SA) offers Common Criteria EAL 6+ certified security, with symmetric and asymmetric crypto for simple authentication use cases, which complements the NXP EdgeLock secure element (SE) family portfolio with an optimized and dedicated authentication product.

Certified EdgeLock Assurance

The EdgeLock A5000, part of the Certified EdgeLock Assurance program, is designed to meet industry standards and follows NXP's security-by-design approach. It has been certified by an independent lab.
